Mellon Udrigle Beach, Wester Ross

The main attraction of Mellon Udrigle, a remote settlement on the north west coast of Ross-shire, this beach is a beautiful expanse of white sand sloping gently into a sparkling turquoise sea. Backed by Machair dunes, it is one of the most attractive pieces of coastline you'll find in Wester Ross. What makes the beach really special is its unparalleled views of the highlands — a distant mountain vista including views of the Suilven, Coigach and An Teallach.
